# TransitGap · One City, One Journe

Metro + BRTS + AMTS in one plan, one fare estimate, real transfer walks · PS-08 · Ahmedabad

## Ask Genie — Natural Language Transit Analysis

Ask questions in plain English about Ahmedabad's metro accessibility gaps, proposed route sc
distances, stations, what-if scenarios — and returns live answers with SQL transparency.

**Why use this?** Instead of writing SQL or navigating dashboards, simply ask what you need. Ger
everything.

### Fares & Tickets

How much does a multi-operator journey cost? PS-08 integrated fare model and per-operator splits.

- What is the cheapest fare between any two BRTS stops?
- What is the GMRC metro fare for a 10 km journey?
- Show me the Al dis

### Access Gap Analysis

Identify which areas are underserved and why — the core pain points for urban planners.

- Which five areas have the weakest transit access?
- Which areas score zero and have no bus stops within 1 km?
- Why is Shela flag acce

### Metro & Station Coverage

Understand station distribution, line coverage, and which corridors serve which areas.

- How many metro stations are there per phase and line?
- Which metro station serves the most nearby areas?
- What is the aver areas to the

### Bus & BRTS Coverage

Evaluate bus stop density and BRTS availability — key for last-mile connectivity.

- How many bus stops are within 1 km of each area?
- Which areas have BRTS coverage within 1 km?
- What is the b breakdo

### What-If: New Bus Routes

What if we add a new bus route from an underserved area to metro? See modeled impact.

- Which proposed bus route gives the highest score improvement?
- Compare before and after scores for all proposed routes
- How many area gets a direct

### Metro Timetable (GMRC)

Train-level schedule effective 18 May 2026 — first/last trains, frequency, journey times.

- What is the first Blue line train from Thaltej Gam on a weekday?
- How many Blue line trains run on a Sunday vs a weekday?
- How long does from APMC to

### 🔍 Data Quality & Provenance

Verify data origins, limitations, and transparency — critical for trust in the analysis.
